Einhand-Teleskop-Öffnung, optionaler Trolley-Sockel /
One-handed telescoping opening, optional trolley base /
Ouverture télescopique d'une seule main, socle à roulettes en option

The versatile one: the Halina parasol is available in various shapes, sizes and colours, making it particularly versatile. The weather-resistant Protect canopy is available in Nature, Limone, Beige, Aqua, Red, Red Orange, Salt & Pepper and Lilac. In terms of dimensions, the selection ranges from 3.0 x 3.0 and 3.5 x 3.5 metres via 3.0 x 4.0 metres to the round version with a diameter of 4.0 metres. The anodised aluminium pole is also extremely weather-resistant. The robust and durable parasol provides UV protection equivalent to UPF 80 according to UV Standard 801. The canopy is removable and washable. The one-handed telescopic opening mechanism makes handling easier. A 90-kilogram base with trolley function is available to match the parasol.
