CHAIR EDOR

Designed for demanding outdoor commercial settings, this chair combines a weatherproof, UV-resistant finish with practical everyday performance. Its stackable design saves valuable storage space and speeds up set-up for terraces, cafés and event areas. Integrated water drainage prevents pooling after rain, helping seats dry faster and reducing maintenance. A reliable choice for high-traffic hospitality and contract projects where durability, easy handling and year-round use matter.

- Weatherproof & UV-resistant
- stackable
- With water drainage
