ARMCHAIR HIVO

The Hivo model made of powder-coated aluminium is particularly easy to handle and designed for intensive professional use. The round, on-trend design with horizontal slots in the seat surface and vertical slots in the backrest creates a modern look and allows rainwater to drain off reliably in outdoor areas. The frame is especially striking, elegantly and almost seamlessly adapting to the seat and backrest, giving the Chair a continuous, premium-quality line. The UV-resistant, weatherproof material guarantees durability on terraces, balconies and in indoor areas and is also easy to clean. Transparent Floor glides as well as the stackability of the Chair and Armchair make the model additionally practical and high-quality.

- Easy to handle, stackable and made of powder-coated aluminium – robust and easy to care for.
- Trendy round-tube design with vertical seat and horizontal back slats, UV-resistant and weatherproof.
- High-quality details such as a flowing frame and transparent glides.
