Can be combined with many chairs /
Peut être combiné avec de nombreuses chaises

Wetterfest: Ganzjährig outdoor nutzbar /
Weatherproof: Can be used outdoors all year round /
Résistant aux intempéries : utilisable toute l'année à l'extérieur

The Tadaro bench with matching Tadaro T table is designed for indoor and outdoor use in the hospitality sector and features a very modern, on-trend design with rounded corners. The optimized seat-to-back angle ensures a very comfortable seating experience, even over longer periods. The frame made of galvanized steel with a black powder coating is scratch-resistant and rust-free. The bench (seat and back) as well as the tabletop are made of solid, untreated teak wood with continuous slats, radiating natural warmth. Teak is resistant, can remain outdoors year-round, and when left untreated develops an elegant silver-gray patina. Anyone wishing to preserve the golden-brown color should oil the tabletops before first use and repeat the oil treatment regularly; both models are weatherproof, UV-resistant, flexibly combinable, and are delivered disassembled for easy assembly.

- Robust for everyday hospitality use: galvanized, black powder-coated steel frame is scratch-resistant and rust-free.
- Premium solid teak: weatherproof, suitable for year-round outdoor use, develops an elegant silver-gray patina when untreated.
- Practical & versatile: modern rounded design, can be flexibly combined with many chairs and is easy to assemble when delivered disassembled.
