STOOL SIVONDA

The lounge series Sivonda combines weather-resistant outdoor suitability with a design that works equally well in lobby, bar, or restaurant interiors. A very thick foam block in the seat and the high-quality outdoor fabric made of olefin ensure consistently high seating comfort in heavily frequented areas. The powder-coated aluminum frame and the hand-woven synthetic weave in rope look on the back give the lounge a light, elegant appearance. The organic shape creates an inviting, homely atmosphere. For long-lasting enjoyment, we recommend storing the seat and back cushions dry indoors when not in use and only putting them away or covering them once they are completely dry. Available as a 2-seater left, 2-seater right, corner element, ottoman, and coffee table for flexible lounge configurations.

• High-quality outdoor comfort thanks to a thick foam core and olefin cover for contract use
• Elegant, organic design with powder-coated aluminum frame and woven rope-look backrest
• Modular lounge system with 2-seater elements, corner unit, ottoman, and coffee table for flexible space concepts
• High-quality outdoor comfort thanks to a thick foam core and Olefin cover for contract use.
• Elegant, organic design with a powder-coated aluminium frame and a braided rope-look back.
• Modular lounge system with 2-seater elements, corner section, stool and coffee table for flexible room concepts.
