

CHAIR TITO

The stackable chair TITO combines modern design with a warm, natural appearance. The frame made of powder-coated aluminum and the slats in a wood look make it particularly easy to care for, durable, and ideal for indoor and outdoor use. In the limited color variant Natural Amber, TITO features a slightly reddish, amber-toned nuance that gives it a particularly cozy and expressive character. This distinctive coloring in particular makes the chair stand out and clearly distinguishes it from the table and armchair in the series.

- Real wood look in amber color
- Maintenance-free
- Durable
