Stapelbarer Stuhl im Retro-Design /
Stackable chair with a retro design /
Chaise empilable au design rétro

Retro charm meets modern outdoor comfort: The chair and armchair feature softly rounded shapes that embrace the characteristic design language of the 1960s and 1970s, reinterpreting it in a contemporary way. The slim, powder-coated aluminium frame impresses with its robust, scratch-resistant and easy-care surface. The generous, continuous seat and backrest surface made of flexible Textilene mesh gently adapts to the contours of the body and ensures excellent seating comfort – without the need for additional cushions. The harmoniously coordinated colours of the frame and fabric give the models a modern, high-quality appearance. UV-resistant, weatherproof and stackable, both versions are ideal for stylish terraces, cafés and sophisticated outdoor dining areas.

• High seating comfort: Flexible, body-contouring Textilene mesh with a generous, continuous seat and backrest surface
• Weather-resistant and durable: Scratch-resistant, powder-coated aluminium frame and UV-resistant materials for demanding outdoor use
• Retro design with a modern character: Softly rounded shapes, harmoniously coordinated colours and practical stackability
